

## **Report for Temporary Certificate of Qualification and Registration for Candidates Completing a Program of Professional Education in 2022 or 2023**

Thank you for your continued support for issuing Temporary Certificates for eligible teacher candidates. As you are aware, the Temporary Certificate has been extended this year to teacher candidates in consecutive and concurrent programs completing their program in 2022 or 2023.

**As a result of these regulatory changes, the codes used last year are no longer valid and, as of today, will no longer be processed. For reports already submitted, the College will make the appropriate adjustment to issue the correct Temporary Certificate.**

The College is creating the new codes and expects them to be available in the next week. We will send them to you as soon as they are ready.

This does not affect reports for Transitional or Certificates of Qualification and Registration. Please continue to submit those reports using existing codes.

We thank you for your patience and understanding.
